P. Cusick, deputy U. S. mar-  
shal, in U. S. Navy.

Hospital Sergt. Bushrod  
Corbin Washington, recently  
returned to Washington after  
twenty-two months in France.

Start of trial flight of the big  
dirigible which a few minutes  
later fell, a mass of flames,  
through a skylight of the Illi-  
nois Trust and Savings Bank,  
Chicago, killing ten persons  
and injuring fifteen. The start  
of the flight was made at Grant  
Park and the accident was  
caused by the explosion of a  
gasoline tank.

**Wrong Glasses Are Worse Than None**

**I**F you are not satisfied with the glasses you  
are wearing—if you are in doubt that you  
are being benefited by them, our advice is  
for you to consult one of our three expert  
optometrists at once.

You cannot afford to trifle with your eyes;  
they are your most valuable possession.

He will, after examination, tell you their exact  
needs and provide you with the proper lenses.

The

**Chickering**

Quarter Grand

has already met the approval of many  
music loving Washingtonians

**Beauty** The Chickering Piano is famous  
for its exclusive case design.  
**Size** The Chickering Quarter Grand  
occupies but little more space than  
an upright.  
**Tone** The Chickering Tone quality is  
not sacrificed on account of its  
small size.

**IMPERIAL GRANUM**

**MOTHER - WISDOM**

"To keep the Torch of Life ablaze  
And hand it down, undimmed and bright!"  
In the Hall of Life stood the Shining Spirit  
of Motherhood, and beside her, Health,  
Knowledge and Power.  
And all the Mothers of the World were  
there with their Baby Souls.  
And each Mother was given the Torch of  
Life.  
But they cried out, saying, "Give us Know-  
ledge and Power to keep the Torch  
ablaze for our Children."  
But Motherhood said, "Nay, I give ye  
Health, for without Health the Torch  
simmers."  
And the Mothers were Content, for with  
Health came knowledge and Power.

**IMPERIAL GRANUM**

**FOOD for the BABY  
BRINGS LASTING HEALTH**

**BABIES MUST HAVE MILK**

You could live indefinitely on a diet of preserved meats and vegetables,  
but your common sense tells you that you would not be as well nourished  
and vigorous as if fresh foods played a part in your diet.

Just so with babies. Many live and apparently thrive on a diet of  
condensed milk alone, or on foods that contain condensed or dried milk.  
But contrast those babies with the babies who are being fed on **fresh milk  
modified**, and you will be impressed by the difference in vigor and rosi-ness.

Dried and condensed foods lack the live, vital elements of nourishment  
that are found in mothers' or cows' milk.

But, cows' milk alone is unsafe and indigestible for babies. It must  
be modified.

**IMPERIAL GRANUM the Unsweetened Food  
MAKES MILK A COMPLETE FOOD FOR BABIES**

Imperial Granum prevents the formation of the large hard curds in baby's stomach that  
occur with unmodified milk. It adds nourishment, making a well-balanced digestible food  
which retains all the original, vital elements of milk. Its simple method of preparation  
kills any germs in milk, making it absolutely safe.
